

# Luis Eduardo Medina Huerta

## Developer

### Experience

Mariachi IO SA DE CV :  
Front End Developer:  
April 2019 – November 2019

#### React Native Finero Pay Project:

As a Front End Developer, I developed with my team a hybrid app with react native for both platforms IOS and Android, I developed some parts of UI with functionality and some authentication with tokens, I implemented some services in the front-end, for the tasks and features I used jira and bit bucket for manage agile and software development.
